

Excedrin® Tension Headache

Product Information

Drug Facts

Active ingredients (in each geltab)

Acetaminophen 500 mg (formulated with 65 mg caffeine)

Purpose

Pain reliever

Uses

- temporarily relieves minor aches and pains due to:
 - headache • muscular aches
-

Warnings

Alcohol warning: If you consume 3 or more alcoholic drinks every day, ask your doctor whether you should take acetaminophen or other pain relievers/fever reducers. Acetaminophen may cause liver damage.

Caffeine warning: The recommended dose of this product contains about as much caffeine as a cup of coffee. Limit the use of caffeine-containing medications, foods, or beverages while taking this product because too much caffeine may cause nervousness, irritability, sleeplessness, and, occasionally, rapid heartbeat.

Do not use

- with any other products containing acetaminophen. Taking more than directed may cause liver damage.
-

Stop use and ask a doctor if

- new symptoms occur
 - symptoms do not get better or worsen
 - painful area is red or swollen
 - pain gets worse or lasts for more than 10 days
 - fever gets worse or lasts for more than 3 days
-

If pregnant or breast-feeding, ask a health professional before use.

Keep out of reach of children.

Overdose warning: Taking more than the recommended dose can cause serious health problems. In case of overdose, get medical help or contact a Poison Control Center right away. Quick medical attention is critical for adults as well as for children even if you do not notice any signs or symptoms.

Directions

- do not use more than directed (see overdose warning)
 - adults and children 12 years of age and over: take 2 geltabs every 6 hours; not more than 8 geltabs in 24 hours
 - children under 12 years of age: ask a doctor
-

Other information

- store at room temperature
-
